ScamProof Family Toolkit

Free printable tools to keep by the phone

Scammers no longer need to fool your eyes and ears. AI can copy a voice or a face. So we stop trusting what we see and hear, and start trusting how we check.

STOP. CALL. CHECK.

STOP	Pressure is the scam. Pause. Do not pay, click or share.
CALL	Hang up. Call back on a number you already trust.
CHECK	Tell family before any money or information moves.

What is inside

- Page 2 - Fridge cards (cut out, keep one by each phone)
- Page 3 - Family Safe-Word Kit
- Page 4 - Phone-call script
- Page 5 - First-Hour Emergency Checklist
- Page 6 - Important Numbers

Phone numbers and websites were checked in October 2026. Services can change, so confirm on the official site when in doubt.

Fridge Cards

Cut along the dotted line. Keep one by every phone.

STOP. CALL. CHECK.

STOP - Pressure is the scam. Hang up.

CALL - Call back on a number YOU trust.

CHECK - Tell family before money moves.

Ask for our family word. No word = no money.

No gift cards. No codes. No "safe accounts."

STOP. CALL. CHECK.

STOP - Pressure is the scam. Hang up.

CALL - Call back on a number YOU trust.

CHECK - Tell family before money moves.

Ask for our family word. No word = no money.

No gift cards. No codes. No "safe accounts."

Family Safe-Word Kit

One word stops the voice-clone 'family emergency' call

1. Gather everyone in person, or on a phone call. Not by text.
2. Pick a word or short phrase that has never been online and can't be guessed. Not a pet's name, street or birthday. Example: "silver canoe".
3. Everyone repeats it twice. Older relatives can write it on the line below and keep this page at home.
4. Agree together: any emergency call asking for money must include the word.
5. Change the word if anyone thinks it has been shared.

On the call, say:

"I want to help. What's our family word?"
No word? "I'm going to hang up and call you back." Then do it.

KEEP THIS PAGE PRIVATE - never photograph it or share it online.

Our family word:

Who knows our word (names):

Date we chose it:

Phone-Call Script

Practice it out loud until hanging up feels natural

When any caller asks for money, codes or information, say:

"Thank you. I don't handle this over the phone.
I'll call the number on my statement."

Then hang up and do exactly that. Caller ID can be faked: a call can show your bank's real name and number and still be a scammer.

Real banks, government offices and companies NEVER:

- X Ask you to pay with gift cards, a wire, crypto or a cash courier
- X Ask you to "move your money to a safe account"
- X Ask you to read them a security code sent to your phone
- X Threaten to arrest you right away
- X Ask for remote access to your computer or phone

Fewer scam calls

- Register your number at donotcall.gov.
- iPhone: in Settings, search "Silence Unknown Callers" and turn it on.
- Android: Phone app > Settings > Caller ID & spam.
- Unknown caller and silence on the line? Don't speak first.

First-Hour Emergency Checklist

If money or information was handed over. Tick each box as you go.

Act fast. Speed matters more than embarrassment. You did nothing shameful - criminals did.

- [ ] Called my bank / card company (number on the back of my card)
- [ ] Called the gift card company (if gift cards were used)
- [ ] Changed my email password
- [ ] Changed other passwords I shared
- [ ] Disconnected my computer if I gave someone remote access
- [ ] Froze my credit if I shared my Social Security number
- [ ] Reported it at ReportFraud.ftc.gov
- [ ] Reported online fraud at ic3.gov
- [ ] Told a family member
- [ ] Wrote down: date, time, names, numbers and amounts

Watch for the second scam: "recovery experts" who promise to get your money back for a fee are scammers too.

Notes (what happened):

Important Numbers

Fill in the blanks. Keep this page by the phone.

Bank fraud line (back of card) _____

My phone carrier _____

Family contact 1 _____

Family contact 2 _____
